

Our Lady's Hall Parish Centre

Activity Report

Similar to the school or college year September 2018 to June July 2019 activities in our Lady's Hall are now winding down for summer holidays but raring to go again in September 2019

It has been a very busy year in every aspect between administrative requirements, management of the users and a learning curve for all volunteers involved

During the year are Lady's Hall was used by the parish, groups and other users. It was very encouraging to see so many of our parishioners both adults and children taking part in all the activities

Parish Events

First Communions (St Josephs & St. Mary's) reception, Graduation of St. Joseph's students and an evening of Thanks for all parish volunteers.

We have six new enquiries from groups who have expressed a wish to start in September. There were other enquiries throughout the year but the enquirers did not follow up on their initial contacts.

So we have had a busy year and we have learned a lot. Hopefully we can use this experience as we move forward into year two.

We give a big THANKS to all those who helped "in any way" to make our first year in Our Lady's Hall a great success.

Anyone who wants to make an enquiry about booking the Hall, please contact the parish office or return the "Enquiry Form" to the Parish Office.
